

The 20th Serbian Dental Congress

STOMATOLOŠKA
KOMORA
SRBIJE

30 September – 3 October 2021

NOTICE

Miross
BTA/PCO/DMC/VEO

Welcome to the 20th Serbian Dental Congress

Distinguished colleagues and friends,

It is with pleasure that we inform you of the 20th SERBIAN DENTAL CONGRESS organised by the Serbian Dental Chamber in cooperation with the Faculty of Dentistry, Belgrade University, on 30.09-03.10.2021. Due to the epidemiological situation, this year's Congress will take place online too – in the form of a webinar.

Serbian Health Council has accredited the Programme of the Serbian Dental Congress with No. V-1581/21-II, and the associated meeting the international EODC Congress with No. V-1582/21-II, with a total of 20 KME credits.

The Congress has been supported by the following co-organisers: Croatian Chamber of Dental Medicine, Macedonian Dental Chamber, Dental Chamber of Montenegro, Chamber of Dental Medicine Doctors of the Republic of Srpska, Dental Chamber of the Federation of Bosnia and Herzegovina and Larissa Association of Dentists from Greece.

Also, the Congress is supported by the Serbian Medical Chamber, Pharmaceutical Chamber of Serbia, Serbian Chamber of Biochemists and Serbian Chamber of Nurses and Medical Technicians.

The Serbian Dentistry Chamber has succeeded in its efforts to keep the Serbian Dental Congress as the most important date in the calendar of the Serbian dentistry events. We wish the Congress to be the forum of presenting the results of dentists' work, shared experience, new knowledge and state-of-the-art scientific achievements in world's contemporary dentistry, aiming at the Congress as a venue for gathering and collaborating of all dentists and their associated staff, both from private and public practice or from university colleges.

We would like also physicians, nurses and medical technicians to attend the Congress as we tried to include very interesting topics for them as well.

This year again, we expect the attendance of over 2,000 participants from Serbia and the region, as well as a large number of invited lecturers and leading experts from Serbia and abroad. The Serbian Dental Chamber will provide a high professional and scientific level of the Congress, along with affordable registration fee.

This year, two congresses will take place: the 20th Serbian Dental Congress and the International EODC Congress.

We hereby invite you to take part in the Congress and the associated meeting and with your presence to provide expert and professional support to this event important for the future of Serbian dentistry.

Faithfully,

Professor Vitomir S. Konstantinović, PhD.
President of the Congress

Assistant Professor Ivana Radović, PhD.
Chair of the Congress Scientific
Committee

Dr. Marko Gojnić
